

Press Release

**Ametis Villa Bali
Simple Luxury in Tranquility**

Ametis Villa Bali is a contemporary resort designed to take the tropical vacation experience to the next level. Taking a “home-alike” concept, the resort promises a degree of escapism for travelers seeking to break free from a cycle of routine and a place to be at one with the surrounding nature.

Opened on 09th March 2011 Ametis Villa Bali is located in the sleepy coastal village of Canggu. The serenity of Canggu is a refreshing change to the hustle and bustle and a preferred destination for savvy travellers seeking an alternative to the urban sprawl of neighboring Seminyak. Surrounded by elements of nature in a setting where a rich legacy of art and culture continues to colour daily life, it's only 5 minutes' walk from a breathtaking beach and stunning Indian Ocean, popular with professional surfers such as Kelly Slater.

Named after a precious stone “Amethyst”, Ametis Villa Bali features a collection of 14 private villas located in 7500m² of villa area set within the tranquil confines of a tropically landscaped compound. The resort is designed to represent Balinese Community throughout the luxury compound and public area for social interaction, combined Balinese tradition and modern comfort.

From customized furnishings to personalized amenities, including a personal butler, no detail has been overlooked at Ametis Villa Bali. The villas feature a semi outdoor living room space, an oversized private pool and sun lounger, and a spa style en-suite bath room that seemingly merge into the outdoors to create natural atmosphere. A gourmet kitchen, complimentary daily re-stocked mini bar, coffee maker and tea selection with home made cookies, a home entertainment system with satellite channels, IDD telephone as well as Wi-Fi connections are also present- all the necessary modern comfort to feel home away from home.

In the privacy of their own villa, guests can participate in private cooking lessons or request poolside candlelight dinners. Room service is available for 24 hours and the daily newspaper, tropical fruits, afternoon tea and sunset cocktails are complimentary for more comfort.

For those wishing to partake in a pampering, the in-house Ruby spa features two double and one single treatment rooms from where to indulge the senses with an array of rituals expertly administered by a team of therapists.

Conceived, built and managed with integrity, Ametis Villa Bali is respectful of the Bali's unique culture, seeks to interact with the local community and shows sensitivity towards the immediate environment. Aiming to deliver a collection of lasting memories as opposed to a suitcase filled with trivial souvenir, Ametis Villa Bali offers a private sanctuary with ample space to relax and unwind in comfort.
